

**SAFETY DATA SHEET (SDS)**

**Section 1. Identification**

<b>Product identifier</b>	GLL-1100
<b>Other means of identification</b>	None
<b>Recommended use and restrictions on use</b>	Laundry detergent sheet
<b>Initial supplier identifier</b>	Superior Sany Solutions a division of Imperial Dade. 830, St-Pierre Sud Joliette Qc J6E 8R7 Canada T 450-759-7711 & 1-800-363-2776
<b>Emergency telephone number/restriction on use</b>	Canada – Handling 450-759-7711 9h – 16h Canada – Transport CANUTEC 24 hour number 613-996-6666

**Section 2. Hazard identification**

<b>Classification of hazardous product (name of the category or subcategory of the hazard class)</b>	
Skin irritation (Category 2) Sensitization – Skin (Category 1) Eye irritation (Category 2A) Specific target organ toxicity – Single exposure (Category 3) Hazardous to the aquatic environment – Chronic (Category 3)	
<b>Information elements (symbols, signal words, hazard statements and precautionary statements of the category/subcategory)</b>	
 <p>Warning H315 Causes skin irritation. H317 May cause an allergic skin reaction. H319 Causes serious eye irritation. H335 May cause respiratory irritation. H412 Harmful to aquatic life with long lasting effects. P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P264 Wash hands/nails/face thoroughly after handling. P271 Use only outdoors or in a well-ventilated area. P272 Contaminated work clothing should not be allowed out of the workplace. P280 Wear gloves/protective clothing/eye protection/face protection. P302 + P352 IF ON SKIN: Wash with plenty of water. P333 + P313 IF SKIN irritation or rash occurs: Get medical attention. P362 + P364 Take off contaminated clothing and wash it before reuse. P305 + P351 + P338 IF IN EYES, Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337 + P313 If eye irritation persists: Get medical attention. P304 + P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. P312 Call a doctor if you feel unwell. P273 Avoid release to the environment. P403 + P233 Store in a well-ventilated place. Keep container tightly closed. P405 Store locked up. P501 Dispose of contents/container into safe container in accordance with local, regional or national regulations.</p>	
<b>Other hazards known</b>	None

**Section 3. Composition/information on ingredients**

Chemical name (common name/synonyms)	CAS number or other	Concentration (%)*
Sodium dodecyl sulphate	151-21-3	15-40
Glycerin	56-81-5	5-10
Alkyl ethoxy polyglycosides	1654752-70-1	5-10
Poly(laurylglucoside)-7	110615-47-9	1-5
Cocamidopropyl betaine	61789-40-0	1-5
Lauramidopropylamine oxide	61792-31-2	1-5
Fatty acids, C12-C18	85681-86-3	1-5
Cocamidopropyl hydroxysultaine	68139-30-0	1-5
Protease	9014-01-1	~ 0.1

\* Statement - This safety data sheet provides concentration range(s) instead of the actual concentration(s) by weight (except for gases/propellants by volume) considered trade secret(s).

**Section 4. First-aid measures**

<b>Inhalation</b>	IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell.
<b>Ingestion</b>	IF SWALLOWED: Immediately call a doctor. DO NOT INDUCE VOMITING. NEVER give anything by mouth if victim is rapidly losing consciousness, or is unconscious or convulsing. Rinse mouth thoroughly with water. Have victim drink two glasses of water. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration.
<b>Skin contact</b>	IF ON SKIN: Wash with plenty of water (15-20 minutes). If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash it before reuse.
<b>Eye contact</b>	IF IN EYES, Rinse cautiously with water for several minutes (15-20 minutes). Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.
<b>Most important symptoms and effects (acute or delayed)</b>	Causes skin irritation. Causes serious eye irritation.
<b>Indication of immediate medical attention/special treatment</b>	In all cases, call a doctor. Do not forget this document.

**Section 5. Fire-fighting measures**

<b>Specific hazards of the hazardous product (hazardous combustion products)</b>
--

Carbon oxides and other irritant/toxic gases and fumes.					
<b>Suitable and unsuitable extinguishing media</b>					
In case of fire: Use carbon dioxide, chemical powder agent and appropriate foam to extinguish surrounding products.					
<b>Special protective equipment and precautions for fire-fighters</b>					
During a fire, irritating/toxic smoke and fumes may be generated. Do not enter fire area without proper protection. Firefighters should wear proper protective equipment and self-contained breathing apparatus with full facepiece. Shield personnel to protect from venting, rupturing or bursting cans. Move containers from fire area if it can be done without risk. Water spray may be useful in cooling equipment and cans exposed to heat and flame.					
<b>Section 6. Accidental release measures</b>					
<b>Personal precautions, protective equipment and emergency procedures</b>					
Restrict access to area until completion of clean-up. Ensure clean-up is conducted by trained personnel only. All persons dealing with clean-up should wear the appropriate protective equipment (See Section 8).					
<b>Methods and materials for containment and cleaning up</b>					
Ventilate area of release. Stop the leak if it can be done safely. Contain and absorb any spilled liquid concentrate with inert absorbent material, then place material into a container for later disposal (see Section 13). Contaminated absorbent material may pose the same hazards as the spilled product. Notify the appropriate authorities as required.					
<b>Section 7. Handling and storage</b>					
<b>Precautions for safe handling</b>					
Wear gloves/protective clothing/eye protection/face protection. Before handling, it is very important that engineering controls are operating, and that protective equipment requirements and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Ensure proper ventilation. Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with eyes, skin and clothing. Keep away from heat, sparks and flame. Avoid generating high concentrations of dusts, vapours or mists. Keep away from incompatible materials (Section 10). Keep containers closed when not in use. Empty containers are always dangerous. Refer also to Section 8.					
<b>Conditions for safe storage, including any incompatibilities</b>					
Store in a well-ventilated place. Keep container tightly closed. Keep cool. Store locked up. Store away from incompatible materials (Section 10). Inspect all incoming containers to make sure they are properly labelled and not damaged. Storage area should be clearly identified, clear of obstruction and accessible only to trained personnel. Inspect periodically for damage or leaks.					
<b>Section 8. Exposure controls/Personal protection</b>					
<b>Control parameters (biological limit values or exposure limit values and source of those values)</b>					
Exposure limits: CAS 56-81-5 ACGIH TLV-TWA 10 mg/m <sup>3</sup> ;					
<b>Appropriate engineering controls</b>					
Use under well-ventilated conditions. Local exhaust ventilation system is recommended to maintain concentrations of contaminants below exposure limits. Make emergency eyewash stations, safety/quick-drench showers, and washing facilities available in work area.					
<b>Individual protection measures/personal protective equipment</b>					
Respiratory protection is required if the concentrations are higher than the exposure limits. Use a NIOSH approved respirators if the exposure limits are unknown. Chemically protective gloves (impervious), and other protective clothing to prevent prolonged or repeated skin contact, must be worn during all handling operations. Wear protective chemical splash goggles to prevent mists from entering the eyes. Wash hands/nails/face thoroughly after handling. Do not eat, drink or smoke when using this product. Practice good personal hygiene after using this material. Remove and wash contaminated work clothing before re-use.					
<b>Section 9. Physical and chemical properties</b>					
<b>Physical state</b>	Solid/Sheet		<b>pH</b>	8-10 (10 % water solution)	
<b>Colour</b>	White		<b>Kinematic viscosity</b>	Not available	
<b>Odour</b>	Characteristic		<b>Solubility</b>	Soluble	
<b>Melting/freezing point</b>	Not available		<b>Partition coefficient - n-octanol/water (log)</b>	Not available	
<b>Initial boiling point/ initial/range</b>	Not available		<b>Vapour pressure</b>	Not available	
<b>Flammability</b>	Not available		<b>Density/relative density</b>	Not available	
<b>Upper and lower flammability/explosive limits</b>	Not available		<b>Relative vapour density</b>	Not available	
<b>Flash point</b>	Not available		<b>Particle characteristics</b>	Not available	
<b>Auto-ignition temperature</b>	Not available		<b>VOC</b>	Not available	
<b>Decomposition temperature</b>	Not available		<b>Other</b>	None known	

<b>Section 10. Stability and reactivity</b>	
<b>Reactivity</b>	
Does not react under the recommended storage and handling conditions prescribed.	
<b>Chemical stability</b>	

Stable under the recommended storage and handling conditions prescribed.	
<b>Possibility of hazardous reactions</b>	
None	
<b>Conditions to avoid (static discharge, shock or vibration)</b>	
None	
<b>Incompatible materials</b>	
Oxidizing materials; Strong acids; etc.	
<b>Hazardous decomposition products</b>	
None known	
<b>Section 11. Toxicological information</b>	
<b>Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact)</b>	
Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. May cause respiratory irritation.	
<b>Symptoms related to the physical, chemical and toxicological characteristics</b>	
Skin irritation, redness, stinging, pain; Eye irritation, redness, tearing.	
<b>Delayed and immediate effects (chronic effects from short-term and long-term exposure)</b>	
Skin Sensitization – Possible; Respiratory Sensitization – No data available; Germ Cell Mutagenicity – No data available; Carcinogenicity – No ingredient listed by IARC, ACGIH, NTP or OSHA Reproductive Toxicity – No data available; Specific Target Organ Toxicity — Single Exposure – Possible; Specific Target Organ Toxicity — Repeated Exposure – No data available; Aspiration Hazard – No data available; Health Hazards Not Otherwise Classified – No data available.	
<b>Numerical measures of toxicity (ATE; LD<sub>50</sub> &amp; LC<sub>50</sub>)</b>	
CAS 151-21-3 LD50 Oral - Rat – 1288 mg/kg; CAS 56-81-5 LD50 Oral - Rat – 12600 mg/kg; CAS 61789-40-0 LD50 Oral - Rat – 2335 mg/kg; ATE not available in this document.	
<b>Section 12. Ecological information</b>	
<b>Ecotoxicity (aquatic and terrestrial information)</b>	
No data available.	
<b>Persistence and degradability</b>	Readily Bio-degradable (OECD 301B)
<b>Bioaccumulative potential</b>	No data available
<b>Mobility in soil</b>	No data available
<b>Other adverse effects</b>	Harmful to aquatic life with long lasting effects.
<b>Section 13. Disposal considerations</b>	
<b>Information on safe handling for disposal/methods of disposal/contaminated packaging</b>	
Dispose of contents/container into safe container in accordance with local, regional or national regulations.	
<b>Section 14. Transport information</b>	
<b>UN number; Proper shipping name; Class(es); Packing group (PG) of the TDG Regulations</b>	
Not regulated	
<b>UN number; Proper shipping name; Class(es); Packing group (PG) of the IMDG (maritime)</b>	
Not regulated	
<b>UN number; Proper shipping name; Class(es); Packing group (PG) of the IATA (air)</b>	
Not regulated	
<b>Special precautions (transport/conveyance)</b>	None
<b>Environmental hazards (IMDG or other)</b>	None
<b>Section 15. Regulatory information</b>	
<b>Safety/health Canadian regulations specifics</b>	Refer to Section 2 for the appropriate classification. This product has been classified in accordance with the hazard criteria of the Hazardous Products Regulations (HPR).
<b>Environmental Canadian regulations specifics</b>	Refer to Section 3 for ingredient(s) of the DSL
<b>Safety/health/environmental outside regulations specifics</b>	
None	

<b>Section 16. Other information</b>	
<b>Date of the latest revision of the safety data sheet</b>	April 30, 2024 version 1 (NSS ENTREPRISE INC.)
<b>Corrections</b>	---
